## CAMPAIGN CLOSES WITH C. E. HUGHES CONFIDENT

NEW YORK CLAIMED TO BE  
REPUBLICAN BY 100,000

## DEMOCRATS EXPECT TO CARRY METROPOLIS

Both Sides Are Simply Working Now  
For Members of Congress  
in Doubtful Districts

(By Associated Press.)

NEW YORK, Nov. 6.—Wilson and Hughes, the candidates of the dominant parties for president, remained quietly at their homes today recuperating from the labors of the long campaign. The last words sent forward by them to the people was the expression that each felt confident of victory. Wilson planned to remain quiet and the only activity tomorrow will be his trip to Princeton to cast his ballot. Tomorrow night, with only the members of his family about him, he will receive the returns in his study at Shadow Lawn. Hughes remained in his hotel room this forenoon, but later visited the national Republican headquarters, chief, it is stated, to thank the workers for their efforts in his behalf. Tomorrow he will vote in his home district here and tomorrow night will receive returns in his hotel rooms. He plans to have only the immediate members of his family present.

Political headquarters still present scenes of activity. Both of

JUDGE MORAN IS A  
POSITIVE CHARACTERHAS ALL THE QUALIFICATIONS  
FOR A HIGH JUDICIAL  
OFFICE

In passing upon the qualifications of a candidate for a judicial office, a different test should be applied than that usually used for a legislative and administrative position. A judge should be not only possessed of executive ability and legal knowledge, but he must have character, stability, fairness and moral courage to a high degree in order to administer the law in a fair and impartial manner and to keep the judiciary within the confidence of the people.

In applying this test to the candidates for the office of justice of the supreme court, Judge Thomas F. (Barney) Moran stands out strong and positive as the logical man, for he possesses all of the qualities and will bring strength, ability and wisdom to the supreme court of Nevada. His exceptional qualities have been repeatedly demonstrated to the people of Washoe county, where they know him so well.

Only a few months ago he showed conclusively where his heart and sympathy and sense of fairness was in the Gordon will contest in a manner that brought admiration from every citizen who was familiar with the circumstances. This contest attracted considerable attention because of the amount of property and the prominence of the people concerned. Neither of these facts, however, interfered with Judge Moran in going out of his way to protect the interests of the rightful heir (a child of eight years) when it became apparent that the contest was to be settled out of court to the detriment of the child. When the contest was to be withdrawn Judge Moran interposed and appointed two of the ablest attorneys in Reno to represent the child, and as a result the disposition of the estate is now before the supreme court, and no matter what the decision of that tribunal is, it will be said that the child had a real and true friend in court in the person of the presiding judge. There are many of such instances that could be mentioned and many a child and even grown person has reason to give thanks that their interests were well considered by a man who has the welfare of the common people at heart.

In making his campaign it was carried on in a dignified manner, in sharp contrast to the slapstick

the chairman had little to add to their forecasts issued Saturday night. Wilcox predicted that Hughes would receive at least one hundred majority in the electoral college, while McCormick gave Wilson 364 votes in that body. The necessary number of elective votes in the college is 266. So far as congress is concerned, a full house of representatives and thirty-three senators will be elected. The total membership of the house is 435 and necessary to a majority 218. In the senate the present membership is ninety-six and necessary to a majority 49. In all thirty-five new senators will take their seats next March. Of these, the Republicans elected two from Maine in September. Forty-two states will elect state officials in addition to the national and congressional candidates. Thirty-five will elect governors. Fair weather and moderate temperature are forecasted generally. If the prediction holds true, virtually a full vote, it is expected, will be cast throughout the country.

INTENSE INTEREST IN  
CALIFORNIA RESULTS

(By Associated Press.)

Indications are apparent that a tremendous vote will be cast throughout the state, according to political leaders. Issues which seemed to outline themselves most sharply on the eve of the battle of ballots were of course, Hughes and Wilson, wet or dry, and Johnson and Patton for United States senator. Headquarters of the Prohibition forces predicted a landslide for Amendment No. 2, restricting "sale of liquor in public drinking places and in retail stores," and a winning vote of five hundred thousand for complete prohibition, according to a statement given out. Both Republicans and Democrats claim the state for Hughes and Wilson, while Johnson's supporters predicted a heavy majority for him over Patton.

Methods of his opponent, and the contrast has turned many voters from all parties to the loyal support of Judge Moran.

If the people of the state desire an earnest, sincere and honest man on the supreme court, they will rally to the support of Barney Moran, the true friend of the orphan child and friendless litigant.

SIX KILLED AS  
I. W. W. CLASH  
WITH CITIZENS

(By Associated Press.)

EVERETT, Wash., Nov. 6.—At least six men were killed and forty others were wounded yesterday in a pitched battle at the Everett city wharf between 250 members of the Industrial Workers of the World, who came here from Seattle on the steamer Verona, and a posse of 150 citizens headed by Sheriff Don McRae. Sheriff McRae is among the seriously wounded.

The number of casualties aboard the Verona is not known. After the shooting, in which about one thousand shots were exchanged, the Verona turned around and started back to Seattle. Many men were seen to fall on the deck of the steamer and others, panic stricken, jumped overboard. Some were taken from the water, but others disappeared, and it is believed they were drowned.

(By Associated Press.)

SEATTLE, Nov. 6.—Governor Ernest Lister, who was in Seattle when word of the riot in Everett was received, immediately ordered Adjutant General Maurice Thompson of the Washington national guard to go to Everett, thirty miles north of here, and report to him on conditions there. The governor said that if the situation still was threatening he would order the national guard to police Everett.

Before leaving for Everett, Adjutant General Thompson ordered all national guard organizations in Seattle to report immediately for duty. Four companies of coast artillery, four companies of infantry and two divisions of the naval militia were ordered under arms. Pending further developments, the guardsmen were ordered to assist the police in rounding up members of the I. W. W. here and in arresting the party on the Verona, when the steamer arrived from Everett.

CLAIMS OF VICTORY  
MADE FOR NEVADA

(By Associated Press.)

RENO, Nov. 6.—Claims of victory at the polls in Nevada tomorrow are made by George L. Sanford, chairman of the state Republican central committee, and Sam Pickett, Democratic state chairman. Republicans claim the state for Hughes by five hundred, while Democrats assert that Wilson will have a majority of at least three thousand. The campaign closes tonight when the senatorial congressional candidates will hold meetings here.

INDIANA VOTE CLOSE  
IS PREDICTION MADE

(By Associated Press.)

INDIANAPOLIS, Nov. 6.—Activities at the Republican Democratic state committee headquarters continued unabated on the last day of the campaign, while J. Frank Hanly, the Prohibition candidate, started on a whirlwind trip through the state with thirteen speeches ahead. Leaders of the two major parties, while laboring over plans to get out the vote, reiterated their claims that victory would come to their respective parties in both state and nation. A record breaking vote is predicted.

REPUBLICANS BACK FROM  
A RIP-ROARING CAMPAIGNSplendid Reception Tendered Candidates in the Northern End of  
Nye County

All Republican county candidates returned from Belmont late Saturday night after completing perhaps the most sensational political campaign in the history of Nye county. The party, twenty strong, accompanied by the Tonopah military band, left Tonopah early Wednesday morning, stopping at Orizaba for lunch and a short concert. Mr. Rovplank had all of the voters or, hand to greet the party and a splendid lunch was enjoyed by all. Leaving at 1 p. m., Grantville was reached at 3 p. m., where Mr. Steffen also had all his men waiting to meet and greet the candidates on the Republican ticket. Jones was next visited for a concert and dinner, and the Reese River valley was the scene of operations Wednesday night, where a big rally and dance was held. Over 20 autos from the surrounding country were on hand to meet the boys and a jolly dance and good time was enjoyed by all.

Leaving Reese River early Thursday morning, the party arrived at Austin, in Lander county, where they were warmly greeted and the band boys played a number of selections which were much appreciated. From

Austin the party headed down Smoky Valley in Nye county, stopping at Millets and Darroughs Springs. At the latter place a fine dinner and good swim in the plunge were enjoyed by all.

From Darroughs the party drove into Round Mountain for Thursday night, where the largest rally and dance of the season was given. Friday afternoon and night were spent in Manhattan and another fine rally and dance was indulged in, to which the countryside for miles around were present. Belmont was the scene of operations Saturday and again the candidates were greeted with a packed house, with over 30 autos from Manhattan, Round Mountain and the surrounding country in attendance.

The wonderful success the boys have met with on their campaign trips is a sure indication that the people of Nye county are in hearty sympathy with the movement to reduce the taxes in this county and that the voters when they go to the polls tomorrow are going to cast their ballots for greater efficiency in office and the entire Republican ticket from Hughes to Keenan.

## ODDS OFFERED ON REPUBLICAN VICTORY

(Special to the Bonanza.)

RENO, Nev., Nov. 6, (2:45 p. m.)—Betting here remains at a standstill. There is plenty of Republican money that the entire Republican state ticket will be victorious tomorrow. There is plenty of Platt money, with no takers. All kind of odds are being offered that Moran will be the next Supreme Judge. There is plenty of Hughes money, with odds, but no Wilson takers in sight.

PITTMAN MONEY NOT  
OBTAINABLE AT ODDSTEN THOUSAND OFFERED ON  
PLATT AT ODDS OF  
FOUR TO ONE

(Special to the Bonanza.)

RENO, Nov. 6.—A sheepman who recently sold out his flock in Humboldt county, hearing of the money offering on Senator Pittman, went out last night with a portion of his bankroll and kept on asking for bets until he finally offered to bet the entire amount of \$10,000 on Platt at four to one. He failed to find any takers, as the feeling here is that Pittman will make a poor second. Martin Pradore is the sheepman that offered to wager the \$10,000 that Pittman will be defeated.

A local capitalist heard that a man at Fallon was eager to place \$5000 on Pittman and in less than five minutes he wired back that the five thousand would be in the Churchill county bank on arrival of the mail this morning.

The Golden hotel was commonly reported to be the storm center of the betting fraternity, but when the taker entered there last night he couldn't find enough money to cover more than \$50, and the man who took that insisted on getting odds. Platt is the universal favorite and his odds are increasing with the conviction that Hughes will have a walkover in the national fight.

## TEMPERATURE REPORT

Highest temperature yesterday, 34; lowest this morning, 25.  
Highest temperature a year ago, 61; lowest, 47.

Platt is Certain  
of Big Majority

The betting throughout the state, as well as in the east, is at odds of ten to eight and ten to seven on Hughes. There is no Pittman money in evidence in Reno or elsewhere in Nevada. Heavy odds are offered on Platt without takers. Private reports by wire late today are that Pittman will nose Miller out for second place. A wire from Reno gives Moran's majority for justice of the supreme court in Washoe county at from 2000 to 2200.

## WAGES INCREASED

KANSAS CITY, Nov. 6.—Motormen and conductors of the Kansas City Railways company were told today of an increase in pay of approximately seven per cent, to be effective November 16. The minimum wage was raised from \$45 to \$55 monthly.

## WILL REVIEW CASE

WASHINGTON, Nov. 6.—The supreme court has consented to review the decree of the lower court, ordering deportation of thirty-five Hindus from San Francisco, who were ill and likely to become public charges.

ANCIENT POLISH KINGDOM  
RECALLED INTO EXISTENCEManifestos of Emperors Wilhelm and  
Francis Joseph Read to  
the Multitude

(By Associated Press.)

WARSAW, Nov. 5, via London, Nov. 6.—The manifestos of Emperors Wilhelm and Francis Joseph, again calling into existence the ancient kingdom of Poland, were read at noon to assembled Polish representatives in the royal palace by Governor General von Beseler, while outside, the inhabitants of the old Polish capital were gathered in thousands. The quickest to realize the significance of

the day are the academic youth of the country; students in the University of Warsaw, the polytechnic school and other higher institutions. The ceremony was short and simple. Precisely at noon, von Beseler mounted the dais and in the names of the sovereigns read the manifestos. When he had finished, Polish Count Hutten-Czapski, the palace commandant, read a translation to the Polish nobles.

## AMERICAN MERCHANTMAN SUNK BY DIVER

(By Associated Press.)

LONDON, Nov. 6.—Lloyds has announced the sinking of the steamship Lamsa, described by the shipping agency as American, on October 23, by a submarine. Thirty men were landed at Barry by the Norwegian steamer Tromp. The Lamsa was recently transferred from American to Norwegian registry, being purchased from American owners in the Philippines.

German submarines have been active for some time off the Spanish coast, where the Lamsa was apparently sunk. One submarine commander is credited with the statement that he received orders to sink all vessels bound for England and all Spanish vessels. It was said later he exempted any vessels carrying nothing but fruit.

## Attacks Repulsed

(By Associated Press.)

PARIS (official), Nov. 6.—The Germans made violent attacks on positions which the French captured between Sully-Salmis and St. Pierre Vaast wood. The assault was repulsed with heavy losses to the Germans.

BOTH SIDES CLAIM  
THE STATE OF OHIO

(By Associated Press.)

COLUMBUS, Nov. 6.—One of the heaviest votes ever recorded is expected in east Ohio. Both the Republican and Democratic chairmen claim the election of all their candidates by substantial majorities. W. L. Finley, Democratic chairman, said that Wilson and the entire state ticket would carry Ohio by one hundred thousand, while Charles Hatfield, the Republican chairman, predicted that Hughes, Governor Willis and Myron T. Herick would carry the state by "from sixty to one hundred thousand." Both agreed that there was seemingly more interest in the presidential election than in the state ticket. Much interest centers in the vote for United States senator.

CHEMICAL ENGINE WILL  
BE USED ON MINE FIRE

The chemical fire engine, used by the county before the installation of the present apparatus, left this afternoon for the property of the Los Angeles Sulphur company, near Cuprite, where a fire has been burning in the mine for about one week. The fire is not serious, but on account of the fumes, employees of the mine are unable to approach near enough to get water on the smouldering sulphur. It is thought that the chemical will quickly extinguish the flames.—Goldfield Tribune.

Germans Take Heights

FIRE AGAIN DESTROYS  
AN OKLAHOMA TOWN

(By Associated Press.)

WIRT, Okla., Nov. 6.—For a second time this year this town has virtually been wiped out by fire. Fifty buildings were destroyed with a loss of a quarter of a million dollars. Exceeding three hundred homeless were taken to Ardmore for shelter.

By "watchful waiting" is meant the attitude of the occupant of the White House tomorrow night.
